

EXCLUSIVELY AT

DURATEX "JORDAN BLUE" SEAT FABRIC

The Model 1 Duratex fabric in Jordan Blue was engineered and tested to provide you with a heavy-duty cloth for a reasonable price.

- Minimum **50,000 double rub pass** on the Wyzenbeck scale. *15,000 is considered heavy-duty.*
- **Anti-microbial and anti-bacterial.**
- **Liquid repellent.** This makes it ideal for operators that may encounter accidents with bodily fluids or spills.
- **Flat woven cloth** means cooler on the skin in the summer and warmer in the winter.
- Resistant to fading from sunlight exposure.
- **Exceptional seam strength**, which translates to long-lasting covers and durability.
- The Duratex material complies with the applicable fire and smoke rule (**FMVSS302**).

Bottom Line:

Duratex seat fabric is built to last and provides you with miles and miles of comfort, and safety.
